Death of Mrs. Boyer.

After a long period of illness, Mrs. Mary Boyer passed away at eight o'clock Sunday morning. The deceased leaves a husband, A. M. Boyer, and three daughters, Mrs. J. L. Clark, Mrs. E. H. Bargeman and Miss Maggie Jervis.

That Mrs. Boyer's friends were numbered by her acquaintances, was evidenced by the very large attendance at the funeral service,

which was held at the Boyer residence. The house was crowded in every part, many people being compelled to remain outside.

The service was one of the most touching that we ever witnessed, and we have no doubt that this is equally true of the many who shed tears of grief at that solemn service.

Rev. Father Connelly offered prayer and spoke some very feeling words of admonition to those assembled. After the last look had been taken at Mrs. Boyer by

ances taking part. At the grave side the final words of prayer were pronounced by Rev. Connelly, and the coffin was lowered to its last resting place.

The citizens of Holbrook extend their deepest sympathy to the bereaved family.

Keep Up the Fight.

In an interview today Governor Brodie tells us that at the time he left Washington he had reason to believe that the joint statehood bill would fail of passage, but that it would be well for the people to keep up their protests through their organized bodies.

We trust the governor's advice will be followed by our boards of supervisors, city councils and boards of trade throughout the territory.

In our opinion no one has done as much against the jointure bill as Governor Brodie. He comes fresh from the fight and without hesitation says to keep up the protests. In times like these, when the welfare and future of our territory are in danger, there is no place for halts, no place for questioning the good that protests will do, and no time for the friends of Arizona to give up the fight. Let us do every possible thing to prevent the passage of the bill and then if it is forced upon us, let us stand shoulder to shoulder and defeat the constitution by an over-whelming vote. The people of New Mexico will be with us and we need have no fear if each does his part and proves himself loyal and true.—Phoenix Gazette.

Live Stock Report.

Special to SNIPS & HERALD.

Kansas City, Mo., Monday, Dec. 26, 1904.—Cattle receipts dropped down to about 25,000 head last week, and as the demand did not show a corresponding shrinkage, markets were fairly active, and killing cattle gained 5 to 25 cents during the week. The better demand from packers encouraging, and if receipts moderate this week a fairly good run can be handled next
